IMPACT: State

Summary of Legislation: This bill repeals provisions prohibiting state grants to or contracts with any entity that performs abortions or maintains or operates a facility where abortions are performed.

Effective Date: July 1, 2013.

Explanation of State Expenditures: The bill would repeal a provision enacted in HEA 1210 (2011) that may be partially unenforceable due to the supremacy of federal regulations. The 7th Circuit Court of Appeals partially upheld the district court's decision to implement a preliminary injunction that prohibits the enforcement of the provision. The Court of Appeals decided that the injunction should not apply to services funded by federal block grants, but that the injunction continues to apply to provider contracts within the Medicaid program. Planned Parenthood of Indiana, Inc., v. Commissioner of the Indiana State Department of Health has been returned to the district court to determine the merits of the case.
